Religious and Social Life:

Mrs. Almond, Mr. Harris, Miss Williamson.

Campus and Buildings:

Mr. Almond, Mrs. Rodgers, Mrs. Everett, Mrs. Almond.

Student Government and Discipline:

Mr. Everett, Mrs. Almonnd

GENERAL INFORMATION

LOCATION

The Junior College is located a little less than a half mile west of the depot at Goodman, in the Eastern part of Holmes County and on the main line of the Illinois Central Railway between Jackson and Memphis.

Holmes County is recognized as one of the leading counties of the state. Carroll County, to the north, joined Holmes in the support of the school to allow free tuition to boys and girls from the county. Besides these two counties, the school is located at such point that it is easily accessible to students from Attala, Yazoo, Madison, Montgomery, and Choctaw.

The location is ideal in every respect for such a school. While we have the convenience of town, we enjoy all the benefits of a rural environment. There are not attractions in town to entice the student away from the campus. The citizens of the town have a commendable pride in the school. They have always extended a cordial welcome to the students—"Our boys and girls," they call them—and have shown that the town environment is favorable for the school.

HISTORY

The Holmes County Agricultural High School, established twenty years ago, has a history of which the management and citizens of the county have a right to be justly proud. Beginning with one building and a small enrollment, the plant has been enlarged until today it stands as one of the best Junior Colleges in the state. The attendance has steadily increased. During the session just closed the High School department maintained previous enrollment and the college department made great increase, reaching 300 students taking college work.

SOME ADVANTAGES OF A JUNIOR COLLEGE

- A. Smaller classes allow better instruction.
 - B. Close association between students and teachers.
 - C. Affords bridge for the gap between college and high school.
 - E. Individual development.
-

FINANCIAL SUPPORT

The large part of finance to Holmes Junior College comes from the county in which the institution is located. Holmes County has been entirely responsible for the plant now valued at \$250,000.00. Carroll County co-operates in maintenance of the school. This gives free tuition to all students from Carroll County. The State Legislature has made appropriations for Junior Colleges. One half of this distribution is made equally among the Junior Colleges and the other fifty per cent is distributed on per capita basis.

SCHOOL PLANT

Buildings and Equipment

There are seven main buildings: The Administration Building, the College Girls' Dormitory, High School Girls' Dormitory, Boys' Dormitory, Agriculture Building, Home Economics Building and Gymnasium. These are brick buildings and have all modern conveniences, such as, steam heat, electric lights, sanitary closets and bath equipment. All buildings are screened throughout. Our Gymnasium, a frame building, built by the students, during the session of 1928-'29, has become a very beautiful addition since brick veneered in 1934. The Superintendent's Home, a frame building, is very attractive and adds to appearance of plant.

The Farm

The school farm consists of 80 acres of land conveniently located which is used for growing vegetables, raising feed crops and grazing. It furnishes an effective laboratory for the teaching of agriculture.

A modern dairy barn, with concrete floor, steel stanchions, and other appliances furnish practical work in dairying. A splendid herd of registered Jersey cattle is owned by the school. Milk from the dairy is used at the dormitory.

Two breeds of hogs in the school herd are from the Scissors strain of Duroc and were procured from the James herd at Charleston, and big bone Poland China.

A well-conducted poultry department is maintained. Two breeds are used—the White Leghorn from the Ferris strain and the Barred Rock. The incubator and brooder are used and students are given practical lessons in poultrying.

An effort is made to have the very best garden possible at all times of the year.

The activities undertaken in the operation of the farm affords an object lesson in teaching and furnish projects for vitalizing the work of the classroom. Every farm in Holmes County should have these activities in successful operation.

Library

The library is located on the third floor of the Administration Building. Nearly half of this floor is used for this purpose. It is well lighted and ventilated, and contains more than 3650 volumes in the stack room and in the shelves along the walls of the reading room. Comprehensive material may be found here on any subject. Unabridged dictionaries, encyclopedias, and numerous reference sets are accessible to all students.

The library subscribes for, yearly, between fifty-five and sixty newspapers and magazines. In addition to general current events magazines that every student will enjoy and be benefited by, it takes magazines for every department. Thus students especially interested in certain departments may keep up with current affairs in their particular fields.

Local, State, and National newspapers and magazines are not to be taken from the library; books may be taken out from one to seven days without charge, provided they are returned in due time. A full time librarian is employed.

We believe that the work of a school centers around the library, and in the very beginning of each session we not only encourage but urge students to spend their vacant periods there. We want them to feel free in doing their library work and in asking the librarian questions in locating material, but we ask them to be very thoughtful of others and to remember always that the one big thing they have gone there for is to broaden themselves mentally by study, reading for pleasure, or for some specific assignment.

The Laboratories

The Chemical and Biological Laboratories are located on the basement floor of the Administration Building. Each is a large room, well lighted and ventilated. Gas and water are available. Standard equipment is used in these laboratories and is sufficient for the courses offered.

The Agricultural and Home Economics Laboratories are housed separately in two very beautiful buildings which are fully equipped for the work in these departments.

Extension Work

We wish the school to serve all the agricultural interests of the county, and we stand ready to assist any one in the county in all ways within our power. If you ask us to do something we are not prepared to do, we shall find the fellow who will be able to serve you without cost to you.

We have a leveling instrument and are prepared to terrace land, locate ditches, and shall be glad to send capable students to any part of the county without cost to the farmers, except transportation. We shall also, be glad to test seeds, make tests of milk showing quantity of butter fat, assist in laying out farms and making suggestions for crop rotation. We can lay out, prune and spray your

orchard; vaccinate and inoculate your cattle and hogs. We can plan and assist you to install light and water plants in your homes. Our Education, Agriculture and Home Science departments take pleasure in helping teachers and parents to solve their problems.

Student Labor

All the work of the school and farm is done by the students. Besides the practical work in Agriculture required by the state, students may work extra time for which they will be paid at the rate of 15 cents an hour. In extra work we put the matter on a business basis and expect an hour's work for an hour's pay. Preference will be given efficient, willing workers. This plan offers industrious fellows the opportunities to earn a part of their expenses by their own efforts.

The dignity of labor is one of the lessons we of the South need to learn and one of the most important functions of the school is to dignify manual labor and ennoble the laborer. We shall not have anyone connected with the school in any way who does not enter heartily into the spirit and set a good example. An idle person will not find a congenial atmosphere here.

Application for working scholarships should be made to the president. A student must maintain a good literary and conduct record in order to have a working scholarship.

ACCREDITED RELATIONS

For a number of years Holmes Junior College has been fully accredited by the State Commission on Junior Colleges. This recognition has assured students advanced standing at senior colleges. The High School Department was admitted to membership in the Southern Association of Secondary Schools in 1930. At the last meeting of the Southern Association of Colleges in 1934, Holmes Junior College was admitted into full membership. This rating is the highest

possible by any accrediting association. The institution holds membership in the American Association of Junior Colleges.

Requirements for entering different fields of study vary, and by all means, a student should strive to know his chosen field and be guided into his courses in order that little time and credit be lost in the transfer from high school to college and from junior college to a higher institution.

DETAILED INFORMATION

ENTRANCE REQUIREMENTS

Any boy or girl in good health and of good moral character, who has completed satisfactorily the work of the 9th grade or at least 3 units is eligible for admission to our high school department.

Full credit is given for work done in any accredited high school. A transcript properly made out should be presented at the opening of the session. Those who come from schools not accredited validate their units by examination or take subjects over as new. Such special examinations are given during the tenth week of school. A student must be making a creditable showing in his work in order to be given such test: His classification will not be determined until work is properly validated.

All students on entering will be required to sign the following pledge: "I hereby promise on my honor that while a student of the Holmes County Agricultural High School and Junior College, not to have in my possession any kind of fire arms; not to drink or bring on the campus any form of intoxicating drink; not to engage in 'hazing' or other maltreatment of a fellow student; that I will not leave the school grounds without the permission of the dean, matron, or faculty member who is serving in their stead."

EXPENSES

Expenses are paid in advance and monthly statements are not sent out by the college unless requested.

Matriculation Fee, paid by all students	\$ 5.00
Student Activities Fee, paid by all students	5.00
Board per month of 4 weeks (dormitory students)	12.50
Medical Fee (dormitory students) session	2.50
Laboratory Fee (students in chemistry or biology) per semester	2.00
Commercial, per semester	2.00
Piano, per month	4.00
Band Lessons, per month	2.00
Expression, per month	4.00

Graduation Charge—College students are charged with a graduation fee of \$5.00 and high school students fee of \$2.00 during second semester of their senior year. This takes care of diploma cost, and for college students cost of caps and gowns.

A notice must be sent from parents to the office if check drawn by students against parents' accounts is to be honored.

No tuition is charged students from Holmes and Carroll counties. Students from adjoining counties that have joined with Holmes in Junior College program according to Senate Bill 131 are admitted without tuition charge. Students from other counties will pay \$25.00 per session which may be paid in two installments of \$12.50 at the beginning of each semester.

The matriculation fee of \$5.00 should be sent in at once to insure room reservation.

Students who leave before the close of the month will be charged full time unless absent at least one full week, and then only when absence is due to sickness. Meal tickets at 25c each are available for visitors.

The low cost for room and board makes it impossible to allow luxuries. The rooms are fitted with one light, using 75 watt bulb. For students who need and desire more than one bulb or other appliances must secure permit from office. A charge of \$2.50 per month will be made for these.

SCHOLARSHIPS

The school offers working scholarships, as diningroom waitress and custodians of buildings, to worthy girls and boys. These carry an amount sufficient to pay for one-third to one-half of the student's board. In order to hold one of these scholarships the student must make passing grades in his work and must show himself to be loyal in every respect. No student need apply for working scholarship if he expects to visit off campus more than once each term of nine weeks.

FEDERATED CLUB SCHOLARSHIP

The Holmes County Federation of Women's Clubs offers one whole or two half scholarships to girls. Applicants from the rural section of Holmes County will be given preference. The committee may use its discretion in choosing applicants from rural sections of Carroll and Attala Counties. Moral character and scholarship shall be considered in making the award.

Applications for one of these scholarships must be mailed by July 1st, to Mrs. I. U. Donald, Goodman, Mississippi. Successful applicants will be notified August 1st.

MEDALS AND TROPHIES

The Interstate Bank and Trust Company of New Orleans, La., gives each year a medal to the writer of the best essay on an assigned subject. The contest is open only to the members of the twelfth grade.

The Honor Student medal is given each year to a member of the twelfth grade. The winner of this medal is determined by the following points: Scholarship, School

Activities, (band, athletics, glee club, literary society, religious organizations) and attitudes and loyalty to the school.

The M. C. McDaniel trophy in debate is given to the literary society winning the inter-society debate.

GENERAL REGULATIONS

1. Each student is expected to register, get classified and meet classes immediately after he arrives.
2. Each student is expected to be in his or her room during study hours.
3. Every student is expected to report to all meals and on time unless reported sick.
4. Students who leave campus at times other than when general permission is given is expected to obtain special permission.
5. High school students report to study hall during vacant period.
6. Students under 20 years of age unless responsible for own expenses must have written permission from parents or guardians if they wish to visit off campus.
7. Smoking except in rooms will not be permitted.
8. Students under 20 years of age unless responsible for own expenses cannot withdraw except by written consent of parents.
9. Friends who visit for meals or to spend night in dormitory should report to matron or dean. Students who entertain visitors in dormitory without knowledge of dean will be subject to suspension. Guests will be expected to observe dormitory regulations.
10. In returning to campus from visits, etc., girls are expected to come directly to the college before dusk and boys not later than 10 p.m.
11. Cooking in rooms is not allowed. In case of any electrical appliance being used, special permits must be secured from office.
12. Boarding students are not allowed to keep automobiles or motorcycles on campus. In this connection, expression should be made as to the danger involved and bad habit formed from "thumbing" rides.

BOARDING DEPARTMENT

The boarding department will be under the immediate supervision of the superintendent, dean and teachers. It will be our purpose to give the students committed to our care the comforts and attention of well-regulated Christian homes and to make this an entirely safe place for them.

The teachers live with the students in the dormitories and supervise their work and study. This contact and association makes dormitory life one of the best features of our agricultural high schools and junior colleges.

ROOMS AND ROOM-MATES

The matriculation fee of \$5.00 is required before any room is reserved; this is not an extra fee. All students pay the fee upon entrance unless it has been sent in to reserve room at an earlier date. Former students are given preference to former rooms until July 1st. After this date rooms may be assigned in order for which they are spoken.

Rooms in dormitory are furnished with single-sized beds, dressers, chairs and tables. Students are held accountable for the care of the room and all articles therein. No cooking is allowed in rooms. Each student is expected to bring with him the following articles:

Two pairs of sheets (single bed size).

One pair of blankets or quilts.

One pair counterpanes.

One pillow.

Two pillow cases.

Towels and toilet articles.

One laundry bag.

One pair curtains for windows 3x7.

Water glass and spoon.

All articles to be laundered should be marked with the full name of the owner.

One's room-mate is much more to be considered than

the room. An undesirable room-mate can make the most desirable room unfit to live in. If any one has preference of room-mates, the authorities are willing to permit them to room with each other, at least until they prove that such is not good for themselves or for the school. Many of the students are unknown to us at the opening of the session and some changes in room-mates are necessary. However, constant changing is not desirable nor permissible.

MEDICAL ATTENTION

Students are under the close attention of well trained physicians. A nominal medical fee is charged each student in the dormitory. This provides common medicines and also daily visit of physician to the campus. In case special prescriptions for medicine have to be given, the students bear the expense individually. Parents are given notice of any serious illness and are advised when necessary for student to go home for treatment. The school cannot assume responsibility for bearing the expense of prolonged illness or accidents which require hospital care.

LAUNDRY

A large number of students find convenience for doing own laundry. There is a laundry room for girls in the dormitory provided with built-in tubs and ironing boards. As many as 4 or 6 girls buy an electric iron together. There are several laundry women who report to dormitories each Monday morning. The steam laundry from Jackson and other cities, operates trucks to the school twice a week. Cost of laundry varies from thirty to forty cents per week.

DRESS

The dress of the students should not be extravagant. Inexpensive clothing kept neat and clean is desirable. Each student is expected to wear own clothing. Borrowing is an expensive, useless and unsanitary habit. Each girl is expected to have one pair of black bloomers and white blouse for physical education and each dining room girl is required to have white apron trimmed in maroon. These will be made by the girls the first week of school so that all will be made by the same pattern.

For graduation the college students will use caps and gowns. High school girls will make their own class day dress of voile or organdie and will be allowed only one other commencement dress. These to be made under the direction of home science teacher and class sponsor.

SUNDAY SCHOOL AND CHURCH ATTENDANCE

We believe that the Sabbath Day should be used for rest and worship. To this end all students are expected to attend Sunday School and Sunday morning preaching service. They are also encouraged to attend the night service. There are four churches in Goodman as follows: Methodist, Baptist, Presbyterian and Lutheran. All these extend a cordial welcome to students and teachers of the school. Quiet hour for meditation is observed in the dormitories from 2:00 to 3:30 Sunday afternoon.

Further religious training is obtained in the Y. M. C. A. and Y. W. C. A. organizations. These afford fine opportunities for spreading a Christian influence. Chapel exercises are also directed toward moral and religious ideals.

DISCIPLINE

Education means discipline—discipline of the mind and body. School government should be such as to inspire the

student to the right government of himself. The greatest amount of freedom consistent with good order will be allowed in the direction of individual conduct, and privileges will be withdrawn when abused. It shall be our purpose to instill principles of right conduct and that high regard for the rights of others, so that when our boys and girls become men and women they will be law-respecting and law abiding citizens. The tone and character of our student body are such that we shall return the boys and girls stronger in all good things than when they came to us. If we get the right kind of material we promise to do this. We appreciate the honor system as a strong factor in the formation of good character, yet proper guidance and control will be exercised.

The school is not intended as reformatory. Refractory boys, and vicious, idle fellows whose influence is injurious to the student body, and who show no disposition to improve their opportunities will not be retained.

BOOKS

The college book store is in the administration building where all text books and other school supplies can be purchased. The book store cannot extend credit to students for their supplies.

WEEK-END VISITS

Experience has proved that it is not best for students to visit home or elsewhere too often. Once each nine weeks is considered sufficient for regular visits. Permits for leaving on visits should be made from parents to superintendent or dean rather than from students. Girls are allowed to visit only after invitation comes direct from parents into whose home the visit is to be made. All will be expected to observe this suggestion. At any time when students give evidence of poor class work the visiting privi-

lege will be withheld. Parents are expected to co-operate in this matter even if it means that their own child stay from home a week or two longer than expected.

STUDENT ACTIVITIES

LITERARY SOCIETIES

Literary societies are a valuable supplement to the work of any student. There comes a time in the life of every person when he wishes to stand on his feet and express his views on public questions. Lack of training in this important work at the right time proves a serious handicap in life. The program consists of debates, music, declamations, readings, current event items, and other interesting and instructive features. Declamation contests for medals will be arranged to encourage the work. From the interest shown, we confidently expect this line of work to become one of the most helpful of our school.

Fine work and excellent literary society spirit has developed this year. Each student in the college is expected to join and work in one of these societies—the Alethean and the Clio-Phi and The Neka Camon.

STUDENT PUBLICATIONS

The Paper—"The Growl"

The College Paper—"The Growl"—suggested by our teams known as "Bull-Dogs" has won its way into the lives of our students and friends and each one eagerly awaits the following issue. Through the columns of the school paper the students find chance to learn the art of news writing at close range.

College Annual

The "Corner Stone," published for the first time during the session of 1928-'29 is creditable to the institution and to those who made it a success. It is a beautiful book and in years to come will remind every one of those good friends and pleasant experiences of college days. Due to economic depression there was no book printed session 1934-'35.

ATHLETICS

Appreciating the value and importance of proper physical development, students are encouraged to engage in open air exercises and outdoor sports. After the day's work in the school room, a time is set apart for exercise and every student will be expected to take some form of physical training. A director has been provided for the boys and one for the training of the girls.

The campus contains a splendid athletic field. We shall have teams in all major sports, also track and tennis. Students representing the school on teams are required to do satisfactory class room work and to conform to all requirements of the State Literary and Athletic Association, of which this school is a member.

The athletic teams are in charge of the faculty and all games are arranged by the teachers. We do not allow participation in sports to conflict with school duties, on the other hand, we get interest, school spirit and efficiency in regular work from these exercises. Every girl should have one pair of tennis shoes, one pair of bloomers, and a white blouse for their physical education.

BAND

One of the best advertisements for a school and at the same time most enjoyable and profitable of activities is the band. Work has progressed rapidly in the past few years and is most promising for the future. When applying for

admission specify if you have had training or are interested in such training. Private instruction is available at a nominal sum in addition to the regular rehearsals of the whole band.

The school owns approximately \$500 worth of band instruments in addition to equipment for the band room with chairs and stands. The band makes one trip during the football season, several during the spring concert season, attended the Memphis Cotton Carnival on invitation last spring, and is invited to attend various functions in the nearby communities during the course of the year.

GLEE CLUB

The Holmes Junior College Glee Club is under the direction of Miss Ida Hickman. Regular meetings are held each week. The number of members is limited and is open through tryout, to the student body at large.

DEBATING

During the year, intercollegiate debates with other Junior Colleges are held and all students interested are eligible to try out for the debating team. The regular course in Argumentation and Debate, English 14, takes the place of a debating club and affords very helpful training to all those interested in debating or in any kind of public speaking.

DRAMATIC CLUB

Holmes Junior College has a regularly organized Dramatic Club under the direction of the Expression teacher, Miss Edith Thaxton. Membership in this club is made up of those interested not only in acting, but in the other activities of drama and dramatics. Everyone who wishes to become a member is given an opportunity to prove his ability in acting or in any of the varied activities of stage craft.

INTERNATIONAL RELATIONS CLUB

Realizing the importance of a knowledge of our country's affairs and feeling the need of a systematic study of the problems confronting the American people, the International Relations Club was organized soon after the college was established. Since that time it has functioned under the auspices of the Carnegie Endowment (ten million dollars invested in 5% first mortgage bonds). The executive committee is composed of officers of the club who look after the discipline of the club and aid the president in directing the policies and actions of the body. The membership is composed of bona fide students of the college who maintain a record of at least one honor point in social science. To meet the necessary expenses of the club a fee of one dollar is charged. This club each year purposes to send delegates to the meetings of the divisions of national clubs. The endowment furnishes most of the material used in the organization but this supplemented with the material in the library.

RELIGIOUS ORGANIZATIONS

The Y. W. and Y. M. C. A. are among the most active organizations on the campus. Through their regular bi-monthly meetings, the evening twilight prayer groups, the excellent Sunday Vespers, and their literature, chapel programs, bulletin-board "daily thoughts," and general personal service they touch the life of every student on the campus, and offer excellent opportunities for actual experience and training in Christian service.

Students, also, have the opportunity for Epworth League and B. Y. P. U. work in the town Churches.

SOCIAL LIFE

Desirable social and moral atmosphere have more to do with character building than class room work. Our teachers will co-operate in their efforts to provide suitable

recreation for the student body, and will take a lively interest in all those activities calculated to supply the demand of their social nature. We shall not retain the services of teachers who prefer to find their social pleasures away from the student body. Association of teachers with the pupils during their out-of-class hours is too valuable an influence for the school to neglect. Parents may rest assured that their sons and daughters will have the best attention and care in this most important phase of school life.

SCHOLASTIC REGULATIONS

CREDITS

The credits of the College work is expressed in terms of "semester hours." A subject that carries a value of three semester hours is one that meets three times per week for 18 weeks. A two semester hour subject meets only twice a week for 18 weeks. First year students are not permitted to carry more than 16 semester hours of work during each half year.

REGISTRATION

Students are expected to register and get classified during the first two days of the semester. During the first month, within the discretion of the dean, courses may be dropped for the following reasons: Over-load, lack of preparation, ill health. After the first month a discontinued subject will be recorded as a failure.

EXAMINATIONS AND CLASSIFICATIONS

Two regular examinations will be held during the session—one at the close of each semester. Written tests will

be given at close of each nine weeks. Special examinations on subjects conditioned in our school or to validate work done in non-accredited school will be given in the tenth week of school. Definite classification will be made after the tenth week. The basis of classification with minimum units needed is as follows: Tenth grade, 3 units; eleventh grade, 7 units; twelfth grade, 11 units; freshman college, 15 units; sophomore college, 24 semester hours. This classification applies to the record of the student at the beginning of the session. Exceptions may be made at mid-term in case of students who have a chance and expect to graduate at the following commencement.

Senior privileges in college department are allowed to students having on record 26 semester hours and 26 honor points at the beginning of the school session. Each senior must apply at registrar's office in person and secure senior privilege card. Anyone must have been a resident student at Holmes Junior College for at least nine weeks before such privilege is granted. Students on unsatisfactory list during a period of three weeks will have privileges revoked for next three week period.

GRADING

Grading will be made in letters A, B, C, D, as passing grades, E as conditional and F as failing. On a percentage basis grades may be interpreted as follows: A—95 and above; B—89 to 94; C—80 to 87; D—70 to 79; E—60 to 69; F—below 60. Daily grades count largely in final averages.

As explained under "honor points" or quality points, a student must earn 60 in order to graduate. A grade of D does not carry any honor points, although the hours earned with a grade of D are counted toward the number of hours required for graduation.

A grade of E indicates a character of work that is not satisfactory as deserving a pass but which may be removed without repeating the course. This means that an additional amount of work together with another examination may be required.

The valedictorian and salutatorian honors to twelfth grade students will be based upon highest yearly average

of honor points. In case of selecting the honor student from twelfth grade, the one year record will determine the winner.

HONOR POINTS

3 Honor points for each semester hour with A grade.

2 Honor points for each semester hour with B grade.

1 Honor point for each semester hour with C grade.

College students who earn 150 honor points will be graduated with "Special Honors." One who earns 120 will be graduated with "Honors." High school students who average 24 honor points for each year in attendance will be graduated with "Special Honors" and those who average 16 for each year in attendance will be graduated with "Honors." No student having more than 10 reprimands will be graduated with honors.

REPORTS

A report of the student's work is made to student and parents at intervals of nine weeks. Students who desire a copy of their credits should make such request of the registrar. After one copy has been sent, a charge of fifty cents will be made for additional copies.

ABSENCE FROM CLASS

A student should realize from the beginning that he suffers a great loss each time he is absent from class, and also causes his classmates to lose time.

Students may be permitted absence during a semester equal to class meeting of a subject per week. These are allowed in cases of illness of less than a week, business off campus, road and weather hindrances. Students who are away representing the school in activities such as Glee Club,

Debates, or Athletics have absences excused, but in all cases make-up work is insisted upon, and in case of announced tests, said student should arrange with instructor before leaving to participate in such activity rather than to wait until after returning.

Unexcused absences count a zero grade against the pupil. Double penalties are given for absence before and after stated college holidays.

SPECIAL PRIVILEGES AND UNSATISFACTORY LISTS

The grades of all teachers are turned in every three weeks. From these grades the students who average "B" and who have no reprimands during the three weeks' period make up a special privilege list to be posted in bulletin board. Those who are not passing in at least three subjects or who have as many as three reprimands for misconduct are placed on unsatisfactory list. The students on this list remain on campus and cannot participate in inter-school activities for three weeks following.

COURSE OF STUDY

The course of study for Agricultural High Schools is a state adopted course. There are required subjects in each year and electives which are generally vocational.

Sixteen units are required for graduation. Holmes County Agricultural High School is a member of Southern Association of Secondary Schools and Colleges. Our graduates are admitted to all the colleges of the state without examination. To enter the work of the second year, students must bring a certificate showing that they have credits from an accredited school, or must validate the work by an entrance examination.

HIGH SCHOOL

Graduation from our high school department requires units as follows:

	Units
English	4
Mathematics	3
Home Science for girls	2
Agriculture for boys	4
Physical Education	1
History	3
Electives	4

Under special conditions one unit in science may be submitted for home science or agriculture.

SECOND YEAR

	Units
Business Arithmetic and Business Training required	1
English, required	1
History, World, required	1
Latin, 2nd year, elective	1
Biology, elective	1
Hygiene and Commercial Geography, elective	1

THIRD YEAR

	Units
English, required	1
American History, required	1
Agriculture, required (boys)	1
Home Economics, required (girls)	1
Plane Geometry, required	1
Shorthand and Typewriting, elective	1
Music, elective	1/2
Physical Education, required	1/2

FOURTH YEAR

	Units
English, required	1
Algebra, 2nd year, elective	1
Chemistry, elective	1
American Government and Economics, required	1
Shorthand and Typewriting, elective	1
Agriculture, required (boys)	1
Home Science, required (girls)	1
Music, elective	1/2
Physical Education, required	1/2

COLLEGE

Entrance requirements into our college are the same as most of the higher institutions. Fifteen units of high school work must be offered for entrance as follows: English 3, History 2, Mathematics 2, Elective 8.

REQUIREMENTS FOR GRADUATION FROM THE COLLEGE

	Semester Hours
English	12
Math. or Mod. Language	6
History	6
Sc. or Agr. (boys)	6
Sci. or Home Ec. (girls)	6
Miss. Geography	3
Physical Edu.	4
Elective	27
<hr style="width: 10%; margin: 5px auto;"/>	
Total	64

REQUIREMENTS FOR MUSIC DIPLOMA

	Semester Hours
English	12
Hist.	6

DESCRIPTION OF COURSES

DEPARTMENT OF AGRICULTURE

Mr. Almond

Ggr. 11—Soils.

First Semester, three hours lecture and two hours laboratory per week. Credit, 4 semester hours.

This course is a general study of soil types, terracing, drainage, land planning and the study of modern methods of care and management of soils.

Agr. 12—Forage Crops.

Second Semester, three hours per week. Credit, 3 semester hours.

This course includes class work, field trips, seed classing and other related study concerning production and utilization of all maintenance crops on the farm. The course will have special emphasis placed on Southern Field Crops.

Agr. 21—Dairying.

First Semester, three hours lecture work and two hours laboratory work per week. Credit, 4 semester hours.

This course will include, selection, breeding, feeding care and management of dairy cattle. Special emphasis will be placed on feeding as a means of economic production. Laboratory work will include testing whole milk and cream for butter fat. Home mixing of feeds, installation of sanitary equipment, judging and other related work.

Agr. 22—Farm Poultry.

Second Semester, two hours lecture and two hours laboratory per week. Credit, 3 semester hours.

A general course in poultry production with special emphasis being placed on feeding and breeding for egg production. Diseases and marketing work with poultry will also be given during the semester.

Agr. 23—Introduction to Forestry.

First or second semester, two recitations and two hours field work per week. Credit, 3 semester hours.

This will be a general course in Forestry based upon the need of soil for land planning which includes terracing, dam construction for water sheds, areas, bedding, seeding, and transplanting black locust, contouring areas, and use of strip cropping. A notebook will be required of all students.

BIBLE

Miss Shields

Bible 11—Old Testament.

First Semester, 2 hours per week. Credit 2 semester hours.

Bible 12—New Testament.

Second Semester, 2 hours per week. Credit 2 semester hours.

DEPARTMENT OF BUSINESS TRAINING

Mr. Harris, Miss Ellis

This department offers thorough training to young people who wish to prepare themselves for positions as private secretaries, stenographers, bookkeepers, accountants, clerical workers, and general office work. In addition to the technical training for a vocation this department offers work of a practical nature necessary in every profession, and in the business of every day economic activities.

B. T. 10—Pennmanship.

Required of all students in the commercial department who show a deficiency in handwriting; others may take it. Palmer method of writing will be used. No college credit.

B. T. 11—Shorthand. (Gregg).

Three recitations and laboratory periods per week throughout the year. Credit, 6 semester hours.

Gregg Shorthand Manual and Speed Studies; dictation from the first lesson through the manual; daily reading of shorthand; drill in dictation and transcribing with emphasis on correct letter form. Minimum of 80 words per minute in taking dictation should be reached. Course in typewriting required. A charge of \$2.00 per student for each semester is made for this course.

B. T. 21, 22—Advanced Shorthand.

Three recitations and laboratory periods per week. 3 semester hours each semester.

Students may take only first semester to be followed by Secretarial Training. Prerequisite: Gregg Shorthand Manual. The object of this course is to gain a high degree of efficiency in taking dictation at a rapid speed, and transcribing accurately. Rational Dictation with the Gregg Writer will be used. A charge of \$2.00 per student for each semester is made for this course.

B. T. 16—Secretarial Training.

Second Semester, 3 hours per week, 3 semester hours credit.

Prerequisite: 9 semester hours of shorthand or ability to take dictation at a minimum of 100 words per minute.

The object of this course is to closely duplicate actual office work by giving the student a background of business knowledge correlated with stenographic work. It provides training in filing, mimeographing, preparing invoices, composing letters, writing letters that are actually mailed, and general office duties. Study is also given to the development of desirable personal traits of a secretary. A charge of \$2.00 per semester is made for this course.

B. T. 15-A—Typewriting.

No College credit.

Mechanism and care of typewriter; its operation; keyboard technique; drills to gain speed and accuracy, business correspondence, office forms; and transcribing of dictation in shorthand.

B. T. 15-B—Typewriting.

No College credit.

This course is offered for students who have had typewriting. An advanced typing manual will be used giving special emphasis to obtaining speed with accuracy and further knowledge of business forms. Note: A student may take typewriting without taking shorthand. A charge of \$2.00 per semester will be made for this course, but if a student takes shorthand the fee charged will not be charged again for typing.

B. T. 25—Business English and Correspondence.

First Semester. Credit, 3 semester hours.

The object of this course is to develop sureness and skill in the use of the basic tools with which the student must work—words, and to give intensive training in the principles underlying business correspondence.

B. T. 13, 14—Accounting.

Three hours per week throughout the year. Credit, 6 semester hours.

Lectures and classroom discussion of business and accounting, recording transactions in special journals, posting, ruling, adjustments, preparing financial statements. Laboratory work in Single Proprietorship and Partnership Accounting is required as well as a thorough knowledge of accounts applicable to these forms of business organizations. A charge of \$2.00 per semester is made.

B. T. 23, 24—Corporation and Cost Accounting.

Three hours per week throughout the year. Credit, 6 semester hours.

Lectures and classroom discussion on the organization and control of corporations and factories; the accounts peculiar to these organizations; preparing and interpreting of financial statements. Laboratory work is required; this includes practice sets for corporate and manufacturing forms of business; a study of depreciation, accruals, reversing entries, adjustments, and controlling accounts. A charge of \$2.00 per semester is made.

B. T. 27, 28—Accounting and Auditing.

Three hours per week throughout the year. Credit, 6 semester hours.

For students who begin college accounting with course 23. Lectures and classroom discussion of the theory of accounts, their classification, preparing of financial statements peculiar to all forms of business organizations, interpreting financial statements, making adjustments, general auditing work. Laboratory work is required. A charge of \$2.00 per semester.

B. T. 17, 18—Commerical Law.

Three hours per week each semester. Credit, 3 semester hours each semester .

The object of this course is to give the student a knowledge of law as applied to everyday business practice. It is very valuable for students in accounting. A study is made of property, contracts, negotiable instruments, bailaments, deeds, etc.

B. T. 19—Salesmanship.

Second semester, 3 horus per week. Credit, 3 semester hours.

The object of this course is to give training in the psychology of selling, the economy of buying and selling, ethics of selling and conducting a business, and developing of personality.

Note: For students who have had shorthand before entering school here, and who desire to enter second year shorthand, a test will be given to determine whether or not their knowledge of the subject is sufficient to enable them to do advanced work satisfactorily. For students who have had bookkeeping in high school, and who desire to enter the class of advanced accounting, a test will also be given to determine their knowledge of the subject, thus providing a basis for proper placement.

The charge of \$2.00 per semester for shorthand, typewriting, and accounting is made in order to provide a fund for stencils, achievement tests, duplicating supplies, filing supplies, upkeep of machines and many other aids for efficiency in the pursuit of all commercial subjects.

DEPARTMENT OF EDUCATION

Mr. Everett

Edu. 11—Introduction to Education.

First semester, 3 hours per week. Credit, 3 semester hours.

The purpose of this course is to introduce the preservice teacher to the problems of education, and to meet the needs of education. The texts are in the nature of a survey course in the field of education. In connection with this study the student becomes acquainted with the various theories in the field of education, the major problems to be solved, present day practices and systems, and the history of modern education.

For those who expect to teach, this is an indispensable course.

Edu. 12—Psychology.

Second semester, 3 hours per week. Credit, 3 semester hours.

This course treats of the principles of psychology with some application of same in methods of teaching.

Edu. 13—.

Credit, 3 semester hours. Offering during summer.
Child Psychology and Primary Method.

Edu. 21—Classroom Management.

3 hours per week, first semester. Credit, 3 semester hours.

A study of problems of classroom management stressing the nature and needs of the child, the machinery and process of instruction, order and discipline, the class studying and reciting, the teacher as an instrument in the teaching process.

Edu. 22—The History of Education In U. S.

3 hours per week, second semester. Credit, 3 semester hours.

This course shows the European background; the modifications made to meet the needs of the new world; the influence of social, economic, religious, and political factors on educational ideas and the influence on educational leaders.

Edu. 23—Adolescent Psychology.

3 hours per week. Credit 3 semester hours.

This course includes the study of the development of physical and mental life during adolescence. Special emphasis given to social influences which affect the activity of adolescence. The problems of sex, religion, and general action patterns are studied.

Edu. 24—Elementary School Methods.

3 hours per week each semester. Credit 3 semester hours.

A course for teachers. Dealing with the fundamental subjects and elementary curriculum: Mathematics, reading, spelling, hygiene, etc.

DEPARTMENT OF ENGLISH

Miss Van Osdel

Miss Thaxton

Mrs. New

The purpose and aim of the course of study offered in English is:

1. To train the student in a free and easy oral use of his mother tongue, with much practice in conversation, oral reports, story telling, and debating.

2. To enlarge his vocabulary and teach him how to avoid and correct the common errors that creep into everyday speech.

3. To train him to write in a pleasing and effective manner.

4. To train him to understand and appreciate good literature and make his own some of the ideals expressed there.

Eng. 11, 12—English Composition.

Required of all Freshmen.

Three hours per week throughout the year. Credit, 6 semester hours.

The work of this course deals largely with an intensive review of grammar, a study of the principles of outlining, exercises in original composition, word study, and special instruction in the use of the library. A thorough study of the various forms of discourses, together with regular theme assignments and written reports on parallel readings, is required.

English 13—Spoken English.

Required for graduation.

Offered each semester, 3 hours per week. Credit, 3 semester hours.

This course purposes to develop boys and girls, to increase their faith and vision, to show them how to use their latent forces to the fullest possible extent, to develop leadership, self-confidence and the ability to influence others in a way which will be reflected later in earning capacity and position in society.

Correct and effective English, correct pronunciation and enunciation, breath control, study and practice in making speeches for all occasions, with special emphasis on persuasive speaking.

Eng. 14—Argumentation and Debate.

Elective.

First semester, 2 hours per week. Credit, 2 semester hours.

Open to all college students. Class membership limited to 24.

The aim of this course is threefold: First, to train the student in logical, orderly thinking; Second, to train him to be at ease on the platform and to think on his feet; Third, to develop some skill in the art of organizing and presenting formal argument.

Eng. 21, 22—A Survey of English Literature.

Prerequisite: Eng. 11, 12, or equivalent. Three hours per week throughout the year. Credit, 6 semester hours.

This course offers an intensive study of some of the masterpieces of English literature from Beowulf up to the present day. Attention is given also to biographical studies, to social and historical back-

grounds, and to the development of literary movements. Written and oral reports will be assigned frequently, and much parallel reading will be required.

Only those who expect to work toward a literary degree from a senior college are advised to take this course.

Eng. 15—Journalism.

Elective, second semester. Credit, 2 semester hours.

Students interested in working on the school paper or in some time doing newspaper work will find this course helpful. It gives an insight into the fundamentals of newspaper-making and of the writing of news stories and editorials.

DEPARTMENT OF EXPRESSION

Miss Thaxton

The courses in Expression are open to all students. Students wishing to receive a diploma in Expression must take Ex. 11, 12, Ex. 21,22, Ex. 13, and must take Ex. 15 (Dramatics) and Physical Education (including folk dancing and formal gym) for two years. Seniors in Expression must also give a Graduate Recital and do some practice teaching in Expression. A charge of \$4 per month is made for Ex. 11,12, and Ex. 21, 22.

Ex. 11, 12—Platform Reading.

2 hours class lessons per week. 30 minutes private lesson per week. Credit, 3 semester hours each semester.

Study of selections from standard literature for developing word grouping, phrasing, and animation as in conversation. Interpretation and portrayal of all types of characters with special attention to bodily response. Study of anatomy of voice instrument. Control diaphragm and breath. Exercises for the improvement of tone imitation, volume, range flexibility, resonance, enunciation and rhythm.

Ex. 21,22—Advanced Platform Reading.

2 hours class lessons per week. 30 minutes private lesson per week. Credit, 3 semester hours each semester.

Study and frequent public presentations of advanced selections from literature. Story Telling. National, classical, mythical, and religious stories. Place of story telling in home, school, Church, etc. Drill in art of story telling. Planning and presenting story programs. Practice teaching in Expression.

Ex. 15—Dramatics.

2 hours per week throughout the year. Credit, 2 semester hours per year.

Principles of stage business, scenic and lighting effects, costuming, make-up, character portrayal, and other phases of acting and stagecraft taught through class reports, lectures and participation in one-act and three-act plays. Cursory study of drama of all ages with emphasis on modern drama.

Ex. 13—Public Speaking.

Required for graduation. 3 hours per week each semester. Credit, 3 semester hours. See Eng. 13.

DEPARTMENT OF HISTORY

Mrs. Craig, Mr. Caldwell

The aim of the Department of History is to enable the students to acquire an acquaintance with the past in order to more intelligently understand the problems of the present. In all courses in history two things will be kept in view; students will be required to acquaint themselves with the significant facts in the development of the nations studied and to learn why these facts are considered significant.

Hist. 11, 12—Medieval and Modern Ages.

Required of all Freshmen.

First semester: History of Western Europe. Three hours per week. Credit, 3 semester hours.

Second semester: Modern and Contemporary European History. Three hours per week. Credit, 3 semester hours.

This is a general course in History of Continental Europe from the time of the Barbarian Invasion to the present. The purpose of the course is to prepare the students for the study of the government institutions of our own and other countries, and is the basis for a correct understanding of the problems of civilized nations.

Hist. 13—Elements of World Geography.

Offered each semester. Three hours per week. Credit, 3 semester hours.

This course is intended as a survey of geography, world wide in its scope. It is designed to give important factual information, to establish fundamental principles, to provide a solid background for history and to develop effective methods of thinking. While this course gives a bird's eye view of the field of geography to students who do not intend to pursue the subject further, it also aims to lay solid foundations for subsequent more detailed and more advanced study in all the sciences including political, social and others. The course consists of the study of locations of places, climatic conditions of the earth's surface, the effects of geographical conditions on history and world relations, industrial and commercial.

Hist. 21, 22—History of the United State.

Three hours per week throughout the year. Credit, 6 semester hours.

This course will be devoted to a study of the history of the United States from early colonial times to the present.

Hist. 23—Government of the United States.

Three hours per week each semester. Credit, 3 semester hours.

This course consists of a survey of the principles and practices of American Government as exemplified more particularly in the national field. Attention is given to trends in state and local government.

Hist. 24—Mississippi Geography.

Second semester, 3 hours per week. Credit, 3 semester hours.

Hist. 25—Economics.

Three hours per week each semester. Credit, 3 semester hours.

This course is offered for the purpose of introducing the student to the principles of economic laws having to do with production, acquisition, distribution, and consumption of wealth, international trade, credit and banking. Direct attention is paid to current economic trends as far as is practical in this first course in principles.

DEPARTMENT OF HOME ECONOMICS

Miss Peebles

The purpose of this department is threefold:

1. To give the young women an intelligent appreciation of the occupation of home-making, and to broaden their outlook on life through consideration of the social and economic factors which govern the home.

2. To cultivate their aesthetic taste in the selection of clothing and in the decoration of the home.

3. To develop the ability to apply the various processes taught in the selection and preparation of food, and to develop this same ability in the construction and care of clothing and in the efficient management of the home.

H. E. 11,12—Foods and Cookery.

Five hours per week throughout the year. One hour lecture and two 2-hour laboratory periods. Credit, 6 semester hours.

Study of principles involved in cooking of the more common foods; planning of meals; selection and marketing of foods.

H. E. 21, 22—Clothing and Textiles.

Five hours per week throughout the year. One hour lecture and two 2-hour laboratory periods. Credit, 6 semester hours.

Study of the sewing machine and attachments and use of commercial patterns; purchasing and care of clothing; development of good taste in choosing clothes. The laboratory work consists of practical problems in the making of all kinds of garments for personal use.

H. E. 13—Child Care and Home Nursing.

First semester, 2 hours per week. Credit, 2 semester hours.

This course is designed with special emphasis upon the problems of arranging and caring for the home.

H. E. 14—Household Equipment.

Second semester, 2 hours per week. Credit, 2 semester hours.

The problems involved in selecting, care, operation, and arrangement of household equipment.

DEPARTMENT OF MATHEMATICS

Mr. Gamblin

Notebooks are required in each Mathematics course for the solution of both the originals and the more difficult problems of the text and such practical exercises as may be thought necessary from time to time. The work in these books will be graded strictly and counted in determining period and final averages.

Math. 11—College Algebra.

First semester, 3 hours per week. Credit, 3 semester hours.

A rapid review of the fundamentals of Algebra, followed by the study of each subject as the theory of equations, permutations and combinations, binomial theorems, determinates, and logarithms.

Math. 12—Trigonometry.

Second semester, 3 hours per week. Credit, 3 semester hours.

This course includes an intensive study of trigonometric formations, the development of the formulas and their application in the solution of practical problems in surveying, navigation, and computations of tables of natural functions.

Math. 13—Solid Geometry.

Offered 1st semester if there is sufficient demand.
Credit, 3 semester hours.

Much care is taken that the student may acquire accuracy, thoroughness and above all, the right conception of the three dimension principles.

Math. 14—Mathematics of Investment.

3 hours per week, second semester. Credit, 3 semester hours.

A course especially suited to the needs of commercial students, being a required course in that department by many four year colleges. May be substituted for Math. 12, Math. 11 being a prerequisite course.

Computations will be both logarithmic and tabular. Practically all formulas are developed by means of the geometric progression. The topics developed are simple interest and simple discount, compound interest, annuities of all types, deferred payments including amortizements and sinking funds, depreciations, perpetuities, bonds, and insurance.

Math. 21—Analytical Geometry.

First semester, 3 hours per week. Credit, 3 semester hours.

In this course are studied the straight line, circle, ellipse, parabola, hyperbola, and tangents to these conics.

Math. 22—Analytical Geometry.

Second semester, 3 hours per week. Credit, 3 semester hours.

This is a continuation of Math. 21, taking up translations of axis, transformation of coordinates, polar coordinates, and locus problems.

Math. 23—Elementary Surveying.

Offered second semester if there is sufficient demand.
Three hours per week. Credit, 3 semester hours.

To meet an ever increasing demand, a course in land surveying will be offered. The student will be taught the engineer's transit, to run lines, form actual field notes, to plot surveys and compute areas.

DEPARTMENT OF MODERN LANGUAGES

Miss Williamson

French**Fr. 11, 12—Elementary French.**

Three hours per week throughout the year. Credit, 6 semester hours.

An introductory analysis of French grammar and pronunciation with a primary aim of establishing the ability to read simple French for enjoyment or profit. Lesser objectives are the comprehension of easy spoken French and some facility in oral and written expression.

Fr. 21, 22—Intermediate French.

Pre-requisite: Fr. 11, 12 or two years high school French. Three hours per week throughout the year. Credit, 6 semester hours.

Systematic vocabulary building to improve the recognition abilities begun in Elementary French. Continued developing of the other linguistic abilities of oral comprehension and expression. Intensive and extensive reading.

Spanish**Span. 11, 12—Elementary Spanish.**

Three hours per week throughout the year. Credit, 6 semester hours.

The primary aim of this course is to establish the ability to read simple Spanish for enjoyment or profit. Secondary aims are comprehension of easy spoken Spanish and some facility in oral and written expression. Elementary grammatical and pronunciation principles accompany extensive reading.

Span. 21,22—Intermediate Spanish.

Pre-requisite: Span. 11, 12 or two years high school Spanish. Three hours per week throughout the year. Credit, 6 semester hours.

Increased vocabulary building and idiom study to improve reading ability, and the development of the other linguistic abilities established in Elementary Spanish. Intensive and extensive reading.

DEPARTMENT OF MUSIC

Miss Gewin, Miss Hickman

The maximum number of units for high school credit is two. To secure this number of units the following requirements must be met:

(a) Two hours (2 periods of not less than 30 minutes each) per week of private instruction in applied music; one period of class instruction in the theory and history of music; six hours (one sixty minute period each day) per week of home practice.

(b) For this amount of study and practice in each year, one-half unit of credit will be allowed provided at least two years of preliminary study has been made.

College Music

In order to begin college music, Czerny studies from Op. 299 Book I., Nos. 8 and 9 must be played from memory. All major and minor scales (harmonic form) must be played in medorate tempo. The first movement of a sonatina and 2 melody studies must be played from memory. Candidates for diploma in music present a public recital.

M. 11—Selections from Noted Composers.

Two periods per week throughout the year. Credit, 2 semester hours.

Czerny, Opp. 299: Books II., III., IV.; Bach Three Part Inventions, Haydn Sonatas, Nos. 4, 5, 7, 19, 12, 13, and 14. Curlitt Mimosen and easy Mendelssohn Songs Without Words, selections from Modern composers suited to this grade.

Fee, \$4 per month.

M. 21—Advanced Selections.

Two periods per week throughout the year. Credit, 2 semester hours.

Vzerny, Opp. 740; 4 three part Bach Inventions, Mozart's Sonatas Nos. 3, 8, 9, 16, 17, 18, and 19; Haydn's Sonatas Nos. 1, 3, 4, 6, selections from modern composers, continuation of scale work with dominant and diminshed seventh chord, arpeggios, dominant and diminished seventh in first position.

Fee, \$4 per month.

M. 22—Harmony and Theory.

Required for Music diploma.

Two periods per week throughout the year. Credit, 4 semester hours.

M.13—Ear Training and Sight Singing.

Required for Music diploma.

Offered each semester, 2 hours per week. Credit, 2 semester hours.

M.14—Music Appreciation.

Required for Music diploma.

Offered each semester, 2 hours per week. Credit, 2 semester hours.

M. 15—Music History.

Credit, 2 semester hours.

M. 16—Glee Club.

Two meetings per week throughout the year.

Music 13 or equivalent a prerequisite.

Credit, 2 semester hours each year.

M. 17—Band.

Two meetings per week throughout the year. Credit, 2 semester hours each year.

Violin**First Year—Preparatory (no college credit).**

Completion of Standard Beginner's Methods, such as Holanick, and Harmam Sigle scales and arpeggios. Studies and pieces in first position.

Second Year—Preparatory (no college credit).

Major and Minor scales in Two Octaves through third position. Easy Sonatinas and pieces.

Violin 11—Freshman Violin.

Two half-hour lessons a week throughout year. Credit, 2 semester hours.

All major and melodic minor scales in two octaves. Preparatory Double Stop studies, arpeggios, etc. Concertinas and pieces by Severn, Schubert, Ordla, Silt, and others. Practice on instrument: Two hours per day. Fee, \$4. per month.

Violin 21—Sophomore Violin.

Two half-hour lessons per week throughout year. Credit, 2 semester hours.

Major and minor scales in three octaves, Sixths, and Octaves. Etudes by Mazas, and Kreutzer. Sonatinas and pieces by Brams, Grieg, Burleigh, and others.

Practice on instrument: Two hours per day. Fee, \$4 per month.

Voice**Voice 11—Freshman Voice.**

Two half-hour lessons a week throughout year. Credit, 2 semester hours.

Foundation building. Vowels and consonants, their character, treatment and relation to vocal tone. Exercises for flexibility of the muscles of articulation, mechanism of speed and science of tone production.

Simple Songs.

Fee, \$4 per month.

Voice 21—Sophomore Voice.

Two half-hour lessons per week throughout year. Credit, 2 semester hours.

Breathing exercises, rhythm, purity of vowel sound and enunciation studies. Phrasing, vocalize of Marchesi, Concone, etc. English, Italian, and French songs. Classic and Modern. Fee, \$4 per month.

DEPARTMENT OF PHYSICAL EDUCATION

Mr. Branch, Miss McMorrough

The Physical Education Department has for its aim to help students maintain good health, clean living habits and an interest in recreational activities. To this end, each student is required to take part in some form of work in the department during the entire time he is enrolled.

Each student is given a medical examination upon entering to serve as a basis of directing students to the type of physical exercise for which they are best able to take.

Major Sports

A minimum of two hours practice each day for a period of twelve weeks or its equivalent is required for credit in these sports.

Basketball.....Credit, 1 semester hour each year.

Baseball.....Credit, 1 semester hour each year.

Football.....Credit, 1 semester hour each year.

Tennis.....Credit, 1 semester hour each year.

Track.....Credit, 1 semester hour each year.

Intramural Sports:

Two periods each week throughout the year. Credit, 2 semester hours.

This course is intended for boys not participating in a major sport, and includes varied exercises as volley ball, play ground ball, basketball, tennis, and calisthenics.

Formal Gymnastics—(for girls).

Two periods each week throughout the year. Credit, 2 semester hours.

Folk Dancing—(for girls).

Two periods each week throughout the year. Credit, 2 semester hours.

Directed Play—(for girls).

Two periods each week throughout the year. Credit, 2 semester hours.

This course includes playground and school room instruction in the direction of games. Practice teaching is included in the second semester's work.

Special Gymnastics—(for girls).

Two periods each week throughout the year. Credit, 2 semester hours.

A course designed for those not physically able to enroll in other forms of gymnastics.

DEPARTMENT OF SCIENCE

Mr. New and Mr. Branch

All students can profit by taking the courses offered in science. The courses offered are fundamental to Agriculture, Home Economics, Medicine, Dentistry, Pharmacy, and other sciences. The student seeking a general education will find these courses to be of great value. A clearer vision of life in all its phases and forms is to be had in the biological sciences. While in chemical science a broad physical view is available.

Sc. 11—Invertebrate Zoology.

Two hours of recitation and one double laboratory period per week through first semester. Credit, 3 Semester hours.

A comprehensive study of a series of invertebrate types, with particular emphasis on structural and physiological organization, heredity, adaptations, and relationships.

Sc. 12—General Botany.

Two hours of recitations and one double laboratory period per week through second semester. Credit, 3 semester hours.

A survey course in the fundamental facts and principles of plant life, with particular reference to form, structure, physiology, and reproduction in representatives of the groups of higher plants.

Sc. 15, 16—General Inorganic Chemistry.

For Freshmen.

Three hours of recitation and four hours laboratory throughout the year. Credit, 10 semester hours.

The fundamental laws and theories of chemistry and chemical calculations are stressed. The chemistry of the metals and non-metals is studied. The last six weeks of the year is devoted to elementary qualitative analysis.

This course should be taken by all freshmen who will be required to have organic chemistry in their selected field.

Sc. 21, 22—Elementary Organic Chemistry.

Two hours of recitation and one double laboratory period per week throughout the year. Credit, 6 semester hours.

A course of elementary organic chemistry with special reference to its relation to agriculture, the biological sciences, and home economics.

Sc. 23—Hygiene.

Offered each semester, 3 hours per week. Credit, 3 semester hours.

This course is designed to meet the needs of the student just starting on a college career. Anatomy and physiology are discussed, but the emphasis is placed upon hygiene of rest, study, recreation, habit, exercise, and extra curricular activities.

ENROLLMENT OF STUDENTS

SUMMER SCHOOL STUDENTS 1934

Name	Address
Austin, James	Kosciusko, Miss.
Ayers, Hattie Lou	Kilmichael, Miss.
Bane, Hilda Mae	Louisville, Miss.
Bailey, Amanda	McCool, Miss.
Bevil, Mrs. J. S.	Lexington, Miss.
Bell, Mary Neil	Pelahatchie, Miss.
Berry, Catherine	Benton, Miss.
Blailock, Frances	Kosciusko, Miss.
Boling, Marjorie	Pelahatchie, Miss.
Boxx, Gladys	Water Valley, Miss.
Brown, Ollie	Ebenezer, Miss.
Brown, Charles	Vaiden, Miss.
Campbell, W. G.	N. Carrollton, Miss.
Campbell, Mrs. W. G.	N. Carrollton, Miss.
Chesteen, Cornelia	Kilmichael, Miss.
Culpepper, Christine	Sallis, Miss.
Dickard, Lucy Dent	Lexington, Miss.
